

Grand Falls gorge adding zip lines

GRAND FALLS – Zip lines are coming to the Grand Falls gorge. Zip Zag will offer locals and visitors alike the opportunity to literally fly over the falls and gorge by means of zip lines. Phase 1, proposed for the summer of 2010, will see the installation of two dual-racing zip rides crossing the gorge. The second line will depart from the south bank of the St. John River, cross over the falls and land at the Malabean Tourist Centre.
